Amber is every man's dream and every girl's worst nightmare. She's madly in love with Kameron, who has a few issues of his own. When things turn for the worst, she decides to do things on her own. The famous line, "Make that money, don't let it make you" is her motto in the exotic world. When fame and fortune is everything you can ever imagine, what's a woman to do when she has to choose between money or love?

Meet Kameron; he's a boss in the streets and what everyone sees as a businessman, but he has a few demons of his own. What lengths will he take to get his true love back?

Meet Mars; a handsome, well-known businessman, who sees more than just a nice body and sexy face. He sees a woman that has been through it all. What's a man supposed to do when he has the perfect woman in front of him, but she can't see it herself?

When life seems to take a toll on you, what's more important? The man you love, or the money? Your own demons, or your sanity? Your heart, or the woman you love?
