Older Women, Younger Men: New Options for Love and Romance Felicia Brings, Susan Winter

It's out there — in the press, on the internet and emblazoned on the glossiest magazine covers: romance rule breaker, the union of older women and younger men. Whether couples marry or live together, the popularity of "age gap" relationships is undoubtedly on the rise. Despite the statistics and the acceptance of such relationships among celebrities, negative stereotypes that surround these romances prevent many older women from having the happy and loving union for which they long; for these older women have not been open to finding a mate from within the large pool of younger men.

In their provocative, groundbreaking guide, Felicia Brings and Susan Winter, both of whom have had long-term relationships with younger men, shatter the myths as they share their thoughts and the experiences of over 200 couples on everything from sex to dealing with her family and his, to handling the criticisms and comments of peers. Advice is delivered with large doses of empowerment, humor and compassion that will help make the brave new world of relationship potential between older women and younger men lead to lasting love.
