The Faithful Creator: Affirming Creation and Providence in an Age of Anxiety Ron Highfield

As Paul says in Romans, creation groans for redemption. But can we trust God to make all things new? The doctrines of creation and providence address the question of human anxiety in the face of suffering and evil. In a world that often seems to be spinning out of control, Christian faith confesses a "faithful Creator" (1 Peter 4:19) who promises a glorious future for all creation. In *The Faithful Creator*, seasoned professor and author Ron Highfield presents an overview of creation, providence and the problem of evil. He explores a wide range of issues, including the biblical accounts of creation, the dialogue between theology and science, models of providence, philosophical problems of evil and the proposals of open theism and process theism. Both accessible and scholarly, *The Faithful Creator* is an ideal text for classroom use.
