The First Relationship

Daniel N Stern

The First Relationship Daniel N Stern

Stern's pathbreaking video-based research into the intimate complexities of mother-infant interaction has had an enormous impact on psychotherapy and developmental psychology. Now a noted authority on early development, Stern first reviewed his unique methods and observations in *The First Relationship*. Intended for parents as well as for therapists and researchers, it offers a lucid and nontechnical overview of the author's key ideas and encapsulates the major themes of his subsequent books.

From reader reviews:

Gary Ackley:

Playing with family in the park, coming to see the ocean world or hanging out with close friends is thing that usually you might have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love The First Relationship, you are able to enjoy both. It is great combination right, you still would like to miss it? What kind of hang-out type is it? Oh seriously its mind hangout fellas. What? Still don't obtain it, oh come on its called reading friends.

Diane Russel:
