Lila Montgomery, thirty-two-year-old Hollywood assistant extraordinaire, has a secret. On the outside, she's a hard-working dedicated employee, a good friend, and a loving daughter. But above all else, she's been raised to be a lady, which of course is why she's determined to conceal her secret life. If her straight-laced friends and family back home ever discover that she is really the smashing new author of a steamy romance novel, their disapproval would shame her forever! That's why Lila has chosen to publish her sexy narrative under the nom de plume, Jasmine Sheath.

With her fifteenth high school class reunion on the horizon, Lila finds herself at a crossroads. More than anything she wants to go home and see her childhood friends but is embarrassed that she hasn't accomplished the things she feels she should have by this time in her life; mainly marriage and children.

After another brutal run-in with Melinda Forrester, Oscar nominated actress and client of her boss, Josh Furber, Lila decides that fleeing Hollywood for a month is the best thing for her. Lila packs her bags for her childhood home of Bentley Hills, sure that her friends and family will be the touchstone of normalcy that she so desperately needs. What she doesn't expect is that Melinda will follow her and a tabloid media circus will ensue!

Not only does Lila discover that her home is nothing like she remembers, but she meets and falls in love with the very man that inspired the hero in her novel.

She Sins at Midnight is full of laugh out loud hijinks that will make you never look at Hollywood the same way again!

Author, Whitney Dineen, swears that this novel is based purely on fiction and that any characters bearing any resemblance to any celebrities you know are completely and totally fictitious; even though she spent eighteen years in La La Land, with a celebrity client base for her real job...
