The Little Big Penis Book

The fascinating phallus: Even more impressive, squeezed into a small package

After the bust out success of *The Big Book of Breasts* TASCHEN presented the perfect companion, *The Big Penis Book*. Now comes *The Little Big Penis Book*, with all the photos and interviews of its big brother, in a more portable, and affordable, edition.

When it comes to pleasure, size doesn't matter; as we all know it's quality, not quantity, that counts. But let's admit it: a big penis is undeniably compelling. Big shoulders, big lapels, and big hair may come and go, but the big penis never goes out of fashion. With those possessing more than 8 inches (20 cm) making up less than 2% of the world's population, this rare accessory will always fascinate.

In *The Little Big Penis Book* we explore the centuries-old enthrallment with the large phallus, a fascination common to men and women alike. The book is **profusely illustrated with over 400 historic photos of spectacular male endowments, including rare photos of the legendary John Holmes**. The majority of the photographs are from the 1970s, when the sexual revolution first freed photographers to depict the male entirely nude. Photographers include Bob Mizer of **Athletic Model Guild**, David Hurles of **Old Reliable, Colt, Falcon, Sierra Domino, Third World, and Champion Studios**, with each of these iconic photographers interviewed or profiled, along with information about each of their models. And if this isn't enough, **the book closes with a special, extra-big, extra-long anticipated surprise!**
