**Andromeda Klein** Frank Portman

From Frank Portman, author of the cult classic *King Dork* that John Green says "will rock your world", comes a novel about Andromeda Klein, who has a few problems of her own.

Her hair is kind of horrible.

Her partner-in-occultism, Daisy, is dead.

Her secret, estranged, much older and forbidden boyfriend-in-theory, has gone AWOL.

And her mother has learned how to text.

In short, things couldn't get much worse. Until they do. Daisy seems to be attempting to make contact from beyond, books are starting to disappear from the library, and then, strangely and suddenly, Andromeda's tarot readings are beginning to predict events with bizarrely literal accuracy.

Omens are everywhere. Dreams; swords; fires; hidden cards; lost, broken, and dead cell phones . . . and what is Daisy trying to tell her?

In the ensuing struggle of neutral versus evil, it's Andromeda Klein against the world, modern society, demonic forces, and the "friends" of the library.
