Fulfilling the need for a practical user's guide, **Statistics in MATLAB: A Primer** provides an accessible introduction to the latest version of MATLAB® and its extensive functionality for statistics. Assuming a basic knowledge of statistics and probability as well as a fundamental understanding of linear algebra concepts, this book:

- Covers capabilities in the main MATLAB package, the Statistics Toolbox, and the student version of MATLAB
- Presents examples of how MATLAB can be used to analyze data
- Offers access to a companion website with data sets and additional examples
- Contains figures and visual aids to assist in application of the software
- Explains how to determine what method should be used for analysis

Statistics in MATLAB: A Primer is an ideal reference for undergraduate and graduate students in engineering, mathematics, statistics, economics, biostatistics, and computer science. It is also appropriate for a diverse professional market, making it a valuable addition to the libraries of researchers in statistics, computer science, data mining, machine learning, image analysis, signal processing, and engineering.

From reader reviews:

Lorena Repass:

Do you one of people who can't read satisfying if the sentence chained from the straightway, hold on guys this particular aren't like that. This Statistics in MATLAB: A Primer (Chapman & Hall/CRC Computer Science & Data Analysis) book is readable by simply you who hate the perfect word style. You will find the info here are arrange for enjoyable looking at experience without leaving actually decrease the knowledge that want to provide to you. The writer involving Statistics in MATLAB: A Primer (Chapman & Hall/CRC Computer Science & Data Analysis) content conveys prospect easily to understand by most people. The printed and e-book are not different in the information but it just different available as it. So , do you nonetheless thinking Statistics in MATLAB: A Primer (Chapman & Hall/CRC Computer Science & Data Analysis) is not loveable to be your top collection reading book?

David Henry:

The publication with title Statistics in MATLAB: A Primer (Chapman & Hall/CRC Computer Science & Data Analysis) has a lot of information that you can study it. You can get a lot of profit after read this book. This particular book exist new expertise the information that exist in this reserve represented the condition of the world at this point. That is important to yo7u to understand how the improvement of the world. This particular book will bring you with new era of the globalization.
