Modern American Poetry, Modern British Poetry, Combined Edition, a Critical Anthology

Louis Untermeyer

Modern American Poetry, Modern British Poetry, Combined Edition, a Critical Anthology Louis Untermeyer

It is just beginning to be recognized that we are in the midst of another revival of poetry. After a period of intellectual doubt and spiritual drouth the mainspring of poetry is again rejuvenating the waste land. A fresh wave of creative energy is apparent in the exciting work of the younger men and women, while the older established poets are no less responsive to the reawakening. It is significant, for example, that the new poems by Frost, Sandburg, and MacLeish printed in this volume are as beautifully made, as rich and moving, as anything they have ever written.
