## **The Economic Growth of Singapore: Trade and Development in the Twentieth Century** W. G. Huff

This book provides the first comprehensive overview of the economic development of Singapore, easily the leading commercial and financial center in Southeast Asia throughout the twentieth century. This development has been based on a strategic location at the crossroads of Asia, a free trade economy, and a dynamic entrepreneurial tradition. Throughout this study Dr. Huff assesses the interaction of government policy and market forces, and places the transformation of the Singaporean economy in the context of both development theory and experience elsewhere in East Asia.
