Her bottom is VERY sore and she is VERY moist, but a good girl should worry about the anal sex taboo, shouldn't she?

Excerpt:

I muttered something that didn't come out anything like English, but he didn't seem to care. He just kept squeezing while he unzipped me, then stopped long enough to pull my dress up over my head and toss it at the bureau. It landed in a black puddle on top of my hairbrush. I don't know why, but I took that as a good sign. He rolled my hose down while I kicked off my pumps, then I couldn't think anymore because he started in on my cheeks again, AND put his other hand on the front of my panties! God, they were so wet, and they just kept getting wetter the more he squeezed! His middle finger was right between my little lips, and he kind of pushed and rolled it over the top of my button until I thought I was going to climb the wall! I just clung to his neck and let the squirmy, hot waves build and build, until I had to shriek and push away from him. I didn't get far, because he just picked me up and carried me to the bed.

He put me down so my head was on the pillows, and I moaned and squirmed while I watched him take off all his clothes and hang them up. His penis was already pretty hard, and it kind of wobbled when his pushed his underpants down. I got a really nice twinge when I saw that and put my hands over the front of my panties to help it along.

"Gwendolyn!"

I yanked my hands away and jammed them under my arms. "Sir?"

"You know better than to play with yourself while I'm here."

My face turned even redder, which I didn't think was possible. "No! I wasn't! I didn't! Honest, John! It was an accident! I didn't mean to...."

"Stand up, young lady."

I really, really didn't want to be in trouble, but he had that look on his face, and he called me 'Gwendolyn,' so I knew better than to disobey. It was kind of weird for him to be stark naked and me to still have clothes on, but that didn't last long. I got up and faced him, and then he turned me around and ...

Enjoy!
