Priorities in Critical Care Nursing, 6th Edition is the perfect companion to any critical care course with its succinct coverage of all core critical care nursing topics. Using the latest, most authoritative research, this evidence-based resource helps you identify priorities to accurately and effectively manage patient care. Updated content spans the areas of medication, patient safety, patient education, nursing diagnosis, and collaborative management to fully prepare you for success in all aspects of critical care nursing.

- **Evidence-based approach** offers the most accurate and timely patient care recommendations based on the latest and most authoritative research, meta-analyses, and systematic reviews available.
- **Patient Safety Priorities boxes** in each therapeutic management chapter highlight important patient safety considerations.
- **UNIQUE! Nursing Diagnosis Priorities boxes** list the most urgent potential nursing diagnoses, with a page reference to the corresponding Nursing Management Plan.
- **Nursing Management Plans** provide you with a complete care plan for every Priority Diagnosis that includes the diagnosis, definition, defining characteristics, outcome criteria, nursing interventions, and rationales.
- **Evidence-Based Collaborative Practice boxes** summarize evidence-based recommendations for a variety of therapies.
- **Collaborative Management boxes** guide you through the management of a wide variety of disorders.
- **Patient Education boxes** list the concepts that must be taught to the patient and the family before discharge from the ICU.
- **Concept maps** help you understand common critical health conditions, including acute coronary syndrome, acute renal failure, ischemic stroke, and shock.
- **NEW! Case studies with critical thinking questions** test your understanding of key concepts and their practical applications.
- **NEW! Priority Medication boxes** give you a foundation in the pharmacology used most in critical care.
- **UPDATED! New information on the management of the alcoholic patient** and disorders resulting from alcoholism is added to chapter nine.

From reader reviews:

Joseph Kidwell:

What do you about book? It is not important to you? Or just adding material if you want something to explain what you problem? How about your free time? Or are you busy man or woman? If you don't have spare time to do others business, it is make one feel bored faster. And you have time? What did you do? Everyone has many questions above. They should answer that question because just their can do in which. It said that about publication. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need that Priorities in Critical Care Nursing, 6e (Urden, Priorities in Critical Care Nursing) to read.

Cecil Andrade:

Nowadays reading books be than want or need but also become a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that improve your knowledge and information. The info you get based on what kind of book you read, if you want get more knowledge just go with education and learning books but if you want truly feel happy read one having theme for entertaining including comic or novel. The particular Priorities in Critical Care Nursing, 6e (Urden, Priorities in Critical Care Nursing) is kind of publication which is giving the reader capricious experience.

Daniel Metz:

Playing with family in the park, coming to see the sea world or hanging out with close friends is thing that usually you have done when you have spare time, in that case why you don't try thing that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Priorities in Critical Care Nursing, 6e (Urden, Priorities in Critical Care Nursing), you are able to enjoy both. It is fine combination right, you still would like to miss it? What kind of hangout type is it? Oh can occur its mind hangout folks. What? Still don't get it, oh come on its referred to as reading friends.

Loren Hatmaker:

That book can make you to feel relax. This book Priorities in Critical Care Nursing, 6e (Urden, Priorities in Critical Care Nursing) was bright colored and of course has pictures on there. As we know that book Priorities in Critical Care Nursing, 6e (Urden, Priorities in Critical Care Nursing) has many kinds or type. Start from kids until youngsters. For example Naruto or Detective Conan you can read and think that you are the character on there. Therefore not at all of book usually are make you bored, any it offers up you feel happy, fun and relax. Try to choose the best book to suit your needs and try to like reading this.
