The American Revolution 1774-1783 (Essential Histories series Book 45)

Daniel Marston

The American Revolution 1774-1783 (Essential Histories series Book 45) Daniel Marston

The American Revolution has been characterized politically as a united political uprising of the American colonies and militarily as a guerrilla campaign of colonists against the inflexible British military establishment.

Daniel Marston argues that this belief, though widespread, is a misconception. He contends that the American Revolution, in reality, created deep political divisions in the population of the Thirteen Colonies, while militarily pitting veterans of the Seven Years' War against one another, in a conflict that combined guerrilla tactics and classic eighteenth century campaign techniques on both sides. The peace treaty of 1783 that brought an end to the war marked the formal beginning of the United States of America as an independent political entity.

The Osprey Guide To... series is a reworking of the popular Essential Histories series, now available as non-illustrated eBooks at a fantastic low price.

The maps and text remain the same, giving a strong historical overview of some of the most important conflicts and theatres of war from the ancient world through to modern times.
