At the core of your being, what are the joys and the wounds that live most vividly in you? What touches the most vulnerable parts of you? Now imagine our beautiful sentient planet Earth. What are the joys and wounds that touch her most deeply? What is the healing touch she longs for? In what ways can you bind the wounds that afflict her heart? These are some of the powerful questions asked by the thirty-three writers whose profound wisdom is collected in this book. From the core of their hearts to the core of the world's heart, they explore the issues and inspirations that lie at the center of the dilemmas facing humankind on the cusp of becoming a planetary species. Drawing on a rich variety of backgrounds, these entrepreneurs, doctors, educators, executives, healers, and leaders offer the personal and global solutions that point the way to a sane, hopeful and sustainable future.
