She shares all her insights, secrets, hacks, and data in this tome dedicated to improving your writing speeds, skyrocketing your monthly word count, and publishing more books. You'll learn:

- The 4-step framework that Monica used to reach speeds of 3500+ new fiction words per hour
- The tracking systems you need to double or triple your writing speed in the next couple months
- The killer 4-step pre-production method Monica uses to combat writer's block, no matter what the project is!
- The secrets to developing a daily writing habit that other authors don't talk about enough
- How Monica went from publishing only one book per year from 2009-2013, to publishing 8 books in a single year in 2014

For serious authors, both beginner and advanced, who want to improve their output this year!

For writers who still haven't found their rhythm and don't have time for long experiments, tracking spreadsheets, or full pomodoros—establish a writing habit that actually fits into your life!

Like many tools that have come before it, dictation is a new and exciting opportunity to write better, faster, and smarter. But many writers still believe it's not for them. Perhaps they've tried it in the past and it hasn't worked. Or perhaps this new technology is confusing, expensive, or frustrating and that's held them back from taking advantage of it.

If you're ready to take the next step and learn a new skill set that will give you a huge advantage over what other authors are doing today, grab *Dictate Your Book* and start working through the challenges that are holding you back from reaping the benefits of dictation.

It includes:

- Why you need to get started with dictation, even if you tried it before and hated it!
- All of Monica's best tips for making dictation work for you, whether you writing fiction or non-fiction
- Every piece of equipment Monica recommends, plus half a dozen ways to test dictation before you buy
