The Greatest Lie Ever Told M Krishna

This book is a Barrister's legalistic scrutiny of the Bible to court standards and his bold, no-nonsense verdict. It is a shocking exposure of institutional lies that have endangered peace, liberty and lives for nearly 2,000 years. Peddled as the Word of God on the back of a fictitious, tribal God these stupendous lies prevent intellectual maturity and limit a society's thinking to primitive legends. It enables the reader to see the corrosive force of mythical religions and their propensity to plunge the world into a succession of deadly confrontations - all driven by depravity and immoral, primitive tales that glorify violence and tear families apart. This book succinctly brings to light the corruptive influence of Christianity on politicians, which drives them to undertake military missions to undermine human rights and democratic freedom of those of other faiths to choose their own way of life and government.
