here are some of the reviews of other customers:

"I'm the kind of person who can't even get a stick figure drawn correctly, but I tried a few of the drawings in these books, and dang!! I can draw them! Now, if only he will produce a book on how to draw stick figures, I'll be all set! :) Seriously, though. I'm going to use these books to teach the kids of my friends how to draw. Maybe I can turn someone on to art and being an artist. Love these books! (even the ones that are NOT in this set) :)"

"I can't draw more than simple generic pictures. I got these books and when my kids and I got out somewhere we get some paper and we all can draw like pros. When we leave the pictures behind as we leave we get told we all draw so good. What's our secret... Its these wonderful step-by-step books. They are worth

every penny!"

"Not an in-depth drawing program, but one you and your kids are sure to enjoy! I would recommend this to any elementary school age kids who want to learn to draw. Simple step by step drawings. Cute little characters!"

and more...

you will just love it!

this drawing collection will teach you how to draw!
you will have lots of fun with your kids and family!
these drawing books will improve your drawing skills
this drawing technique will build your confidence
