What if the Antichrist were an American leader? What if he were alive today and living in the U.S.A? What if he were only a few years away from revealing himself to the world? Instead of being omitted from Bible prophecy as many of the major eschatology scholars have taught for decades, what if America were at the very center of Bible prophecy? What if the U.S.A., rather than Europe, Rome, or Babylon, were the power base of Satan's conspiracy against the Kingdom of God? These three authors, Douglas W. Krieger, Dene McGriff, and S. Douglas Woodward, argue just that. Together, they have written what may be seen as a landmark book rethinking the traditional prophetic scenario in light of developments in America and the Middle East. Combined, these authors bring over 100 years of study, teaching, and writing to the subject of Bible prophecy. The amazing blend of their respective backgrounds in the foreign services, evangelical ministries, and corporate America, lends unsurpassed credibility to their stunning and remarkably fresh presentation. In some respects, The Final Babylon is a classic prophecy book, rich in exegesis of key scriptures most often overlooked or misinterpreted. The implications are life changing. Reading The Final Babylon, America and the Coming of Antichrist will awaken you to what has been happening right in front of our eyes that we simply couldn't see due to our love of country and our faulty assumptions concerning the antagonists in the traditional prophetic scenario. This book may change your politics, your view of the Bible, and what you do day-to-day.
