Winning the Battle Against Cancer: they said I was going to die...but I didn't 3rd Ed. Mrs Elaine Hulliberger

This book was written to share with you who are struggling with cancer the story of the choices I made, of my belief that you are free to make your own choices in treatment, and that there is real hope that you can win your Battle Against Cancer. The original version of this book was published in 2008, followed by a second edition about two years later. It has now been ten years since my first diagnosis of wide-spread metastatic cancer, and I felt the need to reassure all those who have followed my story that I remain cancer free and well, and I remain victorious against the enemy cancer. I won, and so can you.
